Depending on the scope of Mike's comments, that is likely doable. If Mike has thorough comments, that would be helpful. If Mike and I have to go back and forth a few times clarifying his comments, then it might be longer.

So does that mean that you could have a draft of the overall report with Mike's input integrated by next Wed-Thurs for Martin/Dcb/me to take a look at? I think that would work great, but let me know if you think that's not doable.

FYI – Mike will have comments on Pits by Thursday. Let me know if you think that will be a problem given the self-imposed deadline of Wednesday.

Thanks,

Rob

Hey Mike,

Just checking in to see if you've been able to review the Pavillion documents that I left with you last week. If so, do you have time to get together either this afternoon after 3, or tomorrow morning?

Thanks,

Rob
